Subject: **Amended Reregistration Label**
Product Name: *Pool Pal Q-A-C Algaecide*
EPA Registration Number: 7364-87
Decision Number: 455726

Dear Ms. Holcombe:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the **Busan 77 RED**, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 07/30/2013

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

Should you have any questions or comments concerning this letter, you may contact me by telephone at 703.308.6416, or by email at hardy.jacqueline@epa.gov , or Stacey Grigsby by telephone at 703.305.6440, or by email at grigsby.stacey@epa.gov . When submitting information or data about this letter, a copy of this letter should accompany the submission to facilitate processing.

Sincerely,

A handwritten signature in cursive script, reading "Jacqueline Hardy", is centered on the page. The signature is written in a reddish-brown ink and is set against a light, circular, textured background that resembles a stamp or a piece of paper.

Jacqueline Hardy, Product Manager 34
Product Manager

- [.] User should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- [.] User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- [.] User should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

PHYSICAL OR CHEMICAL HAZARDS

Product is a reducer! Keep it away from oxidizing agents.

{Environmental hazards statement for end-use products in containers <5 gallons.}

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and aquatic organisms.

STORAGE & DISPOSAL:

{Nonrefillable container - household/residential use}

[Keep this product dry in its tightly closed container when not in use. Nonrefillable container. Do not reuse or refill this container. Rinse empty container thoroughly with water prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.]

{Nonrefillable container - non-household/residential use}

[Keep this product dry in its tightly closed container when not in use. Do not contaminate food or feed by storage or disposal or cleaning of equipment. Nonrefillable container. Do not reuse this container. Offer for recycling if available. Rinse empty container thoroughly with water to dissolve all material prior to disposal.]

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For pools having just visible algae growth, add an initial dose of 18 to 27 ounces of this product per 10,000 gallons of water and remove settled algae debris by cleaning.

For treatment of a freshly cleaned and filled pool, add 10 to 18 ounces of this product per 10,000 gallons of pool water.

To maintain pools free of visible algae growth, subsequent additions of 3.5 to 7 ounces of this product per 10,000 gallons of water should be made every 5 to 7 days after the initial treatment.

Uniform distribution of this product throughout the water in the pool is necessary for maximum effectiveness. Apply this product directly to the pool water with the circulation system turned on. Allow ample time for product to be distributed before turning off the pump.

This product is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. This product can be used in pools treated with chlorine chemicals and use may reduce the amount of those chemicals normally required. However, do not mix this product with concentrated dry or liquid chlorine products before adding to the pool water.

HOW TO ESTIMATE CAPACITY OF YOUR POOL

Measure Length (L), Width (W) and average Depth (D) in feet.

For square or rectangular pools: $L \times W \times D \times 7.5 = \text{Gallons}$

For circular or elliptical pools: $L \times W \times D \times 5.9 = \text{Gallons}$

Compatible with bromine, chlorine, salt water, ozone, biguanide and mineral systems.

This product is used to control the growth of algae in swimming pools. For maximum effectiveness, pools containing heavy growth of algae should be cleaned prior to using this product.
